

Bus Service 128

COMMUNITY ENGAGEMENT MEETING

Passenger transport is changing in Leicestershire and, at the same time as the county council is facing significant financial challenges, we are also trying to offer a better service to residents. The county council has developed a new Passenger Transport Policy and Strategy (PTPS) to ensure its passenger transport provision is fit for purpose and cost-effective.

We are reviewing all contracted services across the county. The review of service 128 (Leicester - Melton Mowbray) is now complete and the intended course of action is to replace the bus service with a demand responsive transport (DRT) service that passengers would book in advance of travelling.

The council would now like to invite you to a community engagement meeting so that you can help shape the DRT service for the future.
